**From the Desk of the Secretary.....**

It gives me immense satisfaction to bring out the report of activities that were undertaken in the past year, i.e. during the year 2017-18. Citizens Association for Rural Development **CARD** is a leading voluntary organisation working for the betterment of the society, especially those belonging to the marginalized section of the society. During the past one decade the organization as a community-based organization tried to contribute its bit for the development of the rural Odisha, especially in the underdeveloped area of the state.

The year 2018-19 was a fruitful year for the organization in which it undertook many new programmes and projects. New partnerships were forged. While undertaking the activities care was taken to cover the uncovered and underserved areas.

I take this opportunity to thank the people and organizations that were associated with **CARD** for undertaking the programmes successfully. At the outset I express my sincere thanks to the District Collectors of Ganjam and Gajapati for their active co-operative in implementing the projects. I am also thankful to various District and Block-level officials who helped the organization in carrying out its activities. I also thank our donors who reposed their faith on us. Many organizations and people came forward to help the activities of the organization in time of crisis. The organization is thankful to them. Last, but not the least, the small but dedicated staff of the organization deserves a special mention for without their active co-operation the organization would not have achieved this result. I am thankful to them.

Having said that, I expect all these people and organizations will continue to extend their helping hand to the organization in the future also.

**Suresh Chandra Sahu**  
**Chief functionary**

**INTRODUCTION:**

The state of Odisha is in the eye of the storm and is a talking point at the national level for its acute and poverty conditions. Since independence, things are little changed, especially for the poor and the down-trodden. Even though several schemes and programmes are implemented for the welfare of the poor and marginalized. But somehow due to systemic failure the fruits have not reached to the targeted beneficiaries. Due to the huge size of the country and problems of inaccessibility and to a large extent due to lack of awareness marginalized sections of the society do not demand their due rights. Realizing the need to make the people aware a group of young people with similar thought process came together in the backward areas of Ganjam district, which is one of the most backward regions in the state. This group of like minded workers tried their best to ensure the right entitlements to the people and tried to take the fruits of technology to the people. Later, this small forum was registered as a voluntary organisation under relevant acts to enable it to receive funds from various quarters.

**LEGAL STATUS**

- ☞ The Organisation has been Registered under Societies Registration Act, 1860 in 1991 with valid registration no. GJM 1490 - 44/91
- ☞ It has been Registered under Foreign Contribution Regulation Act 1976 in 1994 with valid registration No. 104910047
- ☞ Registered under 12 (A) & 80G in the year 01.07.1996
- ☞ Registered under PWD Act 1995 in the year 26.04.2017
- ☞ Registered under NGO Darpan under NITI Aayog in the year 2016

**VISION OF CARD:**

CARD's vision is to find practical solutions for Social, Educational & Cultural as well as Awareness, Training, Economic Development, Promotion of Health Services, Social harmony and Self-dignity.

**MISSION OF CARD:**

To empower the people through training and capacity building so that they can demand their due rights from the authorities without any fear or favour.

**OBJECTIVES:**

Some of the important objectives which are close to the heart of **CARD** are -

- ❑ To create an environment so that every person can have access to health for leading a healthy life.
- ❑ To provide assistance to rural poor and work for the welfare of the disadvantaged sections of the society like the scheduled castes, scheduled tribes, backward castes, minorities and women.
- ❑ To carry on development of activities in social, economic, educational, health, agricultural and other allied fields for the welfare of the weaker section of the society in general and physically challenged persons in particular.
- ❑ To take care of the disadvantaged sections of the society like the street children, orphans, destitute, senior citizens, physically challenged people, child labour, sex-workers, bonded labourers etc.
- ❑ To eradicate social evils like dowry system, child marriage, wife beating, atrocities against women etc.

- ❑ To take up the case of social defence such as prevention of drug abuse, promotion of prohibition.
- ❑ To take up women welfare activities for sustainable development of rural and urban women.
- ❑ To take up income generation programmes for the rural or/and urban poor.
- ❑ To try to alleviate poverty and try to bring a qualitative change in the life of urban and rural poor.
- ❑ To use and promote science and technology for bringing all round development in the rural parts of the state.
- ❑ To take up capacity building /training of ASHA, ANM, PRIs, SHG, AWW & CBOs

### **GEOGRAPHICAL AREA OF OPERATION:**

At present the organisation is working in the two districts of Ganjam and Gajapati in Odisha. ### National TB control programme

Tuberculosis has been a major threat to the health of people since long. It is also a fatal disease killing many people a year in the region infecting over one third of the population. Realizing the fact, **CARD** has been trying to contribute its bit in Govt.'s effort to control this highly contagious disease. Supported the District Health Administration and Lepa Society, the

programme is being implemented in eight G.P.s of Kukudakhadi Block of Ganjam district. Under the programme various activities were undertaken.

### **Malaria control programme**

The entire Ganjam district is a malaria-endemic area. The district reports one of the highest cases of malarial fever. Though people suffer from this disease year after year there seems to be very little awareness to prevent it. Many a times the disease becomes fatal. **CARD** is trying to convince the peoples of Kukudakhadi block that through a little care the disease can be controlled to a great extent. The people are urged to keep their surroundings clean and they are advised to use a mosquito net. The people were also advised to use local methods like treating the house with smokes from *jhuna*, dry cow dung and dry *neem* leaves which are quit effective in driving the mosquito.

Supported by Ministry of Health and family Welfare, Govt. of India and the District Health Administration a programme was undertaken to provide medicated mosquito nets to the people under the **Bed Net Impregnation Programme** through the District Vector-Borne Disease Control Society, Ganjam. Under the programme impregnated mosquito nets were provided to 524 BPL and 754 APL households. The programme was undertaken in eight malaria-endemic G.P.s of Kukudakhadi Block in Ganjam district. This small step has resulted in drastic reduction of malarial fever in these areas. The organization plans to cover more areas under the project.

### **Capacity building training of asha on NCD**

Accredited Social Health Activist- ASHA the hope of the National Health Mission to act as the Community activists to reduce IMR & MMR of Odisha state particularly in the Ganjam & Gajapati district with high MMR & IMR the need to increase the institutional health seeking behaviour in particularly institutional delivery is the best recommended practice to reduce the IMR & MMR through ANC & PNC, Improve the transport and communication facilities for 108 & 102 encourage to institutional delivery, the National Health Mission also support to introduction of cash benefit under Janani Surkhya Yojana & Mamata Scheme has able to serve the aspects of affordability, the other social cultural aspects are planned to the addressed by ASHAs. ### **Environment Awareness Programme**

Our organization CARD organizing the Environment Awareness programme in rural areas of Kukudakhundi Block. The programme created the environment awareness among the people through workshop, village meeting, Padayatra, by volunteers, door to door motivation, competition among school students, leaflets, were distributed, nursery rising and distributed seedling of trees for plantation programme among the villagers.

### **Observance of Various Community Events**

Community participation is one of the most important pre-condition for providing efficient health services to the people. But most of the time people are not involved in health administration. So in order to inform the people on the importance of good health and facilities provided by the Govt. various community events were conducted as part of the programme. The following community events were organised during the reporting period.

#### **World Health Day**

World Health Day was observed at Berhampur to high light the importance of maintaining good health. A rally was organised By CARD with participation by AWW, ASHA, SHG member and Volunteer of the organization. The objective of the programme was to attract the attention of general public to make them aware of their duty to keep good health.

### World Population Day

India is facing the problem of population explosion which needs urgent attention. As an organisation working in the field of women and child health, **CARD** has been making people aware regarding their reproductive rights. In order to highlight the importance of family planning, the organisation observed the World Population Day CARD Organised a rally with the collaboration of ZSS from municipality office to CDMO office. A meeting was arranged in the IEC hall of CDMO.

### World Breast Feeding Week

Mother's milk is the best nutrition for the child, especially the new born. In order to make the people understand the people, and especially the importance of exclusive breast feeding, World Brest Feeding Week was observed. During this week the workers and volunteers of the organization made sure that all the newborns have the privilege of being breast-fed by the mothers. On the occasion the volunteers and workers of the organization made home visits and encouraged the lactating mothers to undertake exclusive breast-feeding for at least six months. Various programmes like rallies, public meetings, poster shows were organized to highlight the importance of the occasion.

### Safe Motherhood Day

Our organization CARD Observed international women's day at Berhampur Municipality slum area. Our organization organized a sensitization meeting on violation of women rights and protect of the girl child at slum area, Berhampur. CDMO Ganjam attended as a Chief guest and ADMO (FW), Dy. MEIO Berhampur attended as a guest of honor. The Chief Guest speaks about key message on protect the women and girl child from trafficking and violation. Dr. Sabita Mishra ADMO (FW) also speaks on breast feeding to their child and raises their voice against violation.

### Gender disparity in girl child education programme (DAP) in 12 villages under Rangeilunda block of Ganjam district

CARD Organization identified the 400 nos. of village girls are belongs from labour class family they are not able to buy their education material like school bag, geometric box, note book, dictionary etc. so our organization decided to select the girl child in some criteria like she belongs from SC/ST family/ BPL family, she has the interest on continuing the study. CARD conducted sensitization meeting in 12 nos. schools Involving students of 12 nos. village and sensitized the adolescent girls on health & hygienic, value of education, need of education and encourage them to continue their study. According to their need support them school bag, geometric box & text book.. District Inspector of schools attend the programme and thanks to CARD organization for support of reading material, tuition fees for dropout & poor girls going to regular school and sensitize the parents and VEC members.

### Women Empowerment Programme

Process of women empowerment, the organisation has formed and strengthened women self-help groups in the operational area of the district. The organisation is trying to link some of these groups to formal financial institutions like banks for credit off take. As of the end of the financial year 2014-2015, CARD has promoted more than 30 groups who after proper training and capacity-building are working at various level of efficiency. The parents of disability is also formed self help group and starting income generating programme to support their children. CARD provide vocational training like coir product & mushroom cultivation which they are selling in local market.

### Programme on Women Atrocities

Women in the rural areas are one of the most disadvantaged groups. Due to high level of ignorance and high level of illiteracy they are exploited by the society and the family members. Gender-based violence and domestic violence perpetrated against the women is common. Due to ignorance of law and lack of bias the victims most often do not resort to legal protection. In order to address the issue CARD organized a district level seminar to make the women aware of the legal and constitutional protection available to address such atrocities. District officials, police and judicial officials explained the women who are victims of domestic, gender and caste-based atrocities how to take recourse to legal options in case of such violations. Similarly, two Block level workshops were organised in Digapahandi & Rangeilunda Block headquarters to educate the women regarding the legal remedies available in case of violation of their rights. More than 260 women, mostly belonging to the marginalised section attended the programme. In this occasion we have invited Mr. Gopal Chandra Satapathy Advocate attend as a chief guest and speak about legal rights of women and Dr. Subhadra Mangu as a guest of honour and speak about health problem of women and self protection.

### Programme on livelihood

The operational area of the organisation is primarily in a very backward area where there is prevalent of rampant poverty. In the district of Ganjam and Gajapati people depend entirely on agriculture and associated activities for their living. The entire agricultural operation is rain-fed. So during scanty or erratic rainfall, the people have to stare at the prospect of draught. In order to address this problem, CARD is working to provide the people will alternative livelihood sources by using modern methods. During the programme the following programmes were undertaken to enhance and supplement the income sources.

### Integrated Development of the Marginalized Community

Mohana Block of Gajapati district is known for its rampant poverty and impoverishment. The marginalised people, especially the *dalits* & *adivasis* struggle to arrange two square meals a day for self and family. As the land is infertile and most of them are upland, income from the agricultural fields is not able to sustain the family income round the year. So they have to venture outside the district in search of work. In order to address this problem, **CARD** implemented a programme to enhance the livelihood through the process of empowerment in two GPs of Merapalli and Sikulipadar under Mohana block of Gajapati district. Activities like formation and strengthening of SHG, capacity-building and managerial leadership training were provided to the groups to make the groups self-sustainable. As alternative livelihood programme, the organisation provided training in vocational trades of Buffet plate making, stitching of leaf plates. The organisation provided the initial support like machineries, raw materials etc. to start their micro-enterprises. The organisation also provided the initial support to market the entire products. Now the groups have become self-sufficient.

### **DCW programme**

Our organization CARD implementing: Inclusive development of deaf children through community empowerment and strengthening of parents programme in kukudakhundi and rangeilunda block. The CBR team working for 74 DC and 124 DYP. Our organization conducted following activities is.

### **Clinical Assessment**

CARD organized clinical assessment camp at CARD training centre for 99 hearing impaired children. Mr. Bauribandhu Nayak audiologist was testing the ear through audiometer. 66 nos. children test their ear in two batches. Through the test, we know the degree of disability, it increases or not and for some children, if the treatment is need, it refers near hospital for treatment.

### **DYP club meeting.**

CARD staff formed 5 nos. DYPs in 5 clusters. The main aim of the DYP club is to identify the issues of hearing impaired child & advocacy to get their rights. They also collect proper information on the availability of required resource. They are collecting information to solve these issues. They also identified the skill of DYP and planed for income generating programme.

### **Community sensitization meeting**

CARD arranged GP wise sensitization meeting in 12 GPs of Kukudakhundi block & 21 GPs of Rangeilunda block. In this meeting sensitized the community & parents of deaf child on DCW project activity. The causes & prevention of disability, provision of govt. facility, inclusive education, rights of law & information about the work of DDRC etc. After the meeting CARD staff getting support from community, so it is easy to implement the programme in project area.

### **Parents sensitization meeting**

CARD formed 8 nos parents association to support the DC and DYP. Every month parents conducting meeting to discuss the issues of their children, parents also planning for advocacy.. CBR staff are sensitizing to parents on disability right, law, how they will come to mainstreaming of society, how they support the childrens to became self dependence need of education for deaf child etc.. CBR team also sensitized the parents the cause of disability and how the prevent it. So they welcome this programme & request to continue it.

### **Deaf awareness with ICDS workers**

CARD organization conducted deaf awareness meeting with ICDS & health workers. Here they discussed on following topics...

- Caused & prevention of disability.
- Complete ANC check up.

Dr. , Pratap Kumar Patra, ADM, Gajapati

Miss Shampnayh

Miss. Claudin DCW, UK

Ms swely, Technical Advisor, DCW Kolkata.

**FINANCIAL STATUS OF THE YEAR 2018-19**

Expenditure/Income – Rs. 1,38,33,034.40

Receipt & Payment – Rs. 1,63,48,376.08

Liabilities & Assets – Rs. 73,41,836.71

**LOOKING AHEAD**

The year 2018-19 was an eventful year for **CARD** in which it undertook many meaningful programmes for the target group. In spite of many achievements we faced certain difficulties. The biggest hurdle for attaining the long-term goals for the organisation was regarding resources. There was very little assistance coming in the way. So all the envisaged activities for the year could not be pursued in the right earnest. Thus it was decided that the organisation would seek financial assistance from various government and non-governmental sources to implement all the programmes effectively. In the next financial year we would like to put more emphasis on community health under RCH, PHC (New) management, Arogya plus (MHU) inaccessible areas, Malaria prevention & control, adolescent pregnancy & protection of child marriage, Urban slum health programme, Primary education, Water and Sanitation, Rehabilitation programme for persons with disability, Women Empowerment, Tribal Development, Special programmes on STs, Agriculture Development, Natural Resources Management, Capacity building training for ASHA, AWW, GKS members, PRIs & Social audit on MNREGA in Ganjam & Gajapati district.

**Chief functionary**  
**Citizens Association for Rural Development CARD**  
**Shakti Nagar, 7<sup>th</sup> Lane Extn., Berhampur, Dist-Ganjam**
